

# Support from families like yours is needed to be a host family!

## EduAcross - An International Student Exchange Program

As a shared partnership with the Township and the Board of Education, we are hosting the AEE (American Educational Exploration) winter Chinese Exchange Program.

We are looking for district families to host an Exchange student during their stay in Parsippany. The students will be attending regular classes at Brooklawn Middle School and Central Middle School for two weeks to experience the difference between the school systems in China and the United States. The students will attend local school activities and programs as they tour the district.

The host family's responsibilities would include a safe nurturing home environment, the opportunity to participate in your family's life and events, breakfasts, dinners, and transportation to/from school or afterschool activities.

*"Be a Host Family and enjoy the experience that can change their view of the world...it might change yours too!"*

**Where:** Brooklawn and Central Middle Schools

**When:** Jan 28 – Feb 10, 2018 (2 weeks)

Expenses will be covered  
Please contact us for details
