**This session, by College Benefits Research Group, is ideal for parents of college-bound high school sophomores and juniors, on strategies for maximizing your family's college financial aid and lowering your out-of-pocket costs. Additionally, parents can speak with a top-ranked academic planner who can discuss the selection and admissions process, essay writing, and interviewing skills. Topics to be discussed include: How colleges treat standardized tests • How to choose the right college • How colleges choose their students • A timeline for success • How to pay for college and different types of financial aid • MOST IMPORTANTLY: how your family may be able to save tens of thousands of dollars on college tuition.**
