# REMOTE ASSISTANCE LEARNING PROGRAM FOR SCHOOL-AGE CHILDREN ONSITE AT THE Y

E-Camp & Care is a new educational and recreational program designed for working parents in elementary schools from ANY school district who need supplemental care for their child.

You may supplement A/B school schedules with coverage that allows you to take advantage of alternating days with academic, physical, and social curriculums. Optional before and after care is also available.

This all-day program will aid in supervised schoolwork while having meaningful social interactions. With programming designed to support your child's new schedule, you can have peace of mind knowing your child is in a safe, engaging, and structured environment that will set them up for success both in and out of the classroom. Group spaces will be socially distant and face coverings are required.

Trust the Y to help your child navigate the world of virtual learning while also providing activities to make their day fun. See our website for all information on school hours, registration, fees, etc.
