What is Rock.Out.Loud.?

Rock.Out.Loud. gives young people the opportunity to experiment with making their own music in a relaxed, rock band/social group setting.

They will be able to play a drum solo, rip a guitar riff, tickle the ivories or wail away on a microphone. Rock.Out.Loud. provides every participant an opportunity to "Rock to their own beat".

Games with Friends is a fully inclusive program sponsored by the PAL where young people with and without special needs have the opportunity to develop new friendships while participating in fun activities together.
