***Step Into a Story*** is back at your local library! The Morris Area Youth Services (MAYS) Committee brings you a month long program where you can visit your local libraries and “step” into your favorite children’s books. Participating libraries have chosen to decorate portions of their children’s spaces to represent a favorite children’s book or series. You can visit Hogwarts from “Harry Potter” at the Madison Public Library, travel to Oz with Dorothy and friends at the Mendham Township Library, and convince the Pigeon not to drive the bus at the Parsippany Library’s Main Branch. In addition to “stepping” into your favorite stories at each library, you’ll also have the chance to enter to win a prize. You can only enter once per library, so the more libraries you visit, the better your chances of winning! Patrons must be 18 years old or younger and be in possession of, or have a parent in possession of a valid M.A.I.N. Library card to enter. For more information, or to find out if your library is participating, please visit [www.florhamparklib.org/stepintoastory](http://www.florhamparklib.org/stepintoastory).
