Origami Ornament

Make and Take

Taught by Deanna Kwan

Hexahedron

A hexahedron is a 3 dimensional geometric shape with 6 triangular faces, 9 edges, and 5 vertices. But don't let this description scare you! Come fold 3 sheets of colorful paper and put them together to form this wonderful shape. Your origami hexahedron will be a beautiful ornament for the holiday season and beyond!

Thursday, November 7, 2019

Parsippany Library
