

STEM MODEL CONGRESS

STEM Model Congress

Mondays April 9, 16, 23, & 30, 7 pm.

Main Library

Students will engage in a model congress simulation in which they will learn about the legislative process, write a bill in a STEM topic of their choice, and participate in constructive debate and discussion. Students will leave the program with an expanded understanding of current STEM issues and emerge as more confident speakers.

This program is brought to you by high school volunteers from The Academy for Math, Science and Engineering.

For students in grades 6-8.

Registration is required.

Register online for programs at www.parsippanylibrary.org by clicking on the teen calendar of events or by calling 973-887-5150.
